

We met on February 7th, 2010 at the home of Ellyn of Tanwayour (due to rain at fighter practice).

A&S, seneschal, constable and deputy seneschal were there. Each gave summations. There were no reports from herald or exchequer.

We discussed Anniversary, which -is- on June 26th (the original date). We need a site. It was decided to ask Justin if he could possibly (with Alyce for balance) could check Imperial Beach for the possibility of a neighborhood site or a beach site for tourney. There will also be inquiries made to see if the nice singing dragon people (with the GORGEOUS sheep and goats) in Campo could possibly host at their place, or is there perhaps a public park in Campo/Potrero that would enjoy our presence??
(So, could you check on that for us Justin?)

MORE TO COME LATER ON THAT!

It has been decided by the May War autocrat that he has all the tokens he needs for war, so we won't need to work on that. Ellyn also shared that she still has -lots- of the beaded tokens from last year's anniversary, so we can use those this year too.

Next month's meeting will be on March 7th, in the usual manner!

Justin and Agatha, do you have reports for the exchequer and herald positions? How did the domesday reports go? ,

With regards,
Maggie MacD.
