

Tanwayour Canton Meeting 8/11/13

Present:

Ketill, Agnes, Michael, Ellyn, Enedina and JUSTIN!!!

Seneschal: Number of things coming up this month, 24th FOTR & Leodamus, He's requested eric space for his A Frame, 31st is wood finishing class at the keep. Starts 10am we think.

Maybe won't finish but we can return to add the extra coats of spar varnish. What order is the painting done? We think after the staining. Justin says just do the devices on a plaque and attach that to the chairs after they're finished. Brilliant!!!

At Anniversary all officers will either swear fealty again and or step up. Who's got the warrants? We're going to renew all the warrants just to make sure we're good for the next year.

A&S - we did presentation at Arts in the park, lots of interest in wire weaving at GWW, not yet got a class submitted, plan to participate in FOTR.

All we discussed about the wood finishing class is also A&S, so we're planning on a wood finishing class later this month. What colour stain? Cherry? or Oak? Levi is responsible for buying the stain, but Ketill will probably do it. Before we do anything, we need to lay them out and trace the pieces so we can make more if we like.
