

Canton of Tanwayour

7 December 2014

Present: THL Eibhlin an Ucaire, THL Ellyn of Tanwayour, Lord Ketill rauðskeggr, and Lord Bjornstien. Minutes recorded by Lord Ketill rauðskeggr.

Officer Reports

Seneschal: We need to get a site and date for Tanwayour Anniversary ASAP because our current date is DOA. I need to get new Agreements to Serve from Agnes, Enedina, Roderick, and Robyne because Farlin lost the ones Ketill gave him. We still need to make presentations to Their Excellencies and Their Royal Majesties because court at Winter Arts was interminable. Will hope to present to Their Excellencies at Poll na Gainmhe.

Arts & Sciences: No report.

Chatelaine: No report.

Chirurgeon: No one got hurt. Taught a class at Winter Arts on mead mustard and performed in the bardic at Winter Arts. Tanwayour also had a full table of display at Winter Arts.

Exchequer: Will look at July 25th and August 8th as potential dates for Tanwayour Anniversary because of the conflict with the Viking Fest in Vista. Our current balance is \$3888 and some cents, I will get the exact number later because the lady at Home Depot was being dense and annoying.

Herald: No report.

Webwright/Web Chronicler: I have added last month's minutes to the newly created minutes page on the website. I have changed Ellyn's title to reflect her elevation to the Pelicanate (is that a word?).
